

How Arsenal's fortunes have faded

While Arsenal's European achievements have remained steady throughout Arsène Wenger's reign, their Premier League and FA Cup records have declined in the past three seasons. Having finished league champions or runners-up in each of the Frenchman's first eight full seasons, they have been outside the top two in the subsequent three years. Furthermore, while

they reached the FA Cup semi-finals in seven of those first eight years, they have not made the quarter-finals in the past three campaigns. They have failed to win any trophy in the past three seasons
